

# Harvest Scarecrow Wreath

by Adrienne Franklin

**Pattern Level:** Very Easy - Minimal sewing required

**Finished Size:** 18"

**Seam Allowance:** 1/4" used throughout

## Materials needed:

1/4 -yard solid ivory

1/3-yard harvest fruit print

1/4-yard brown textured print

1/4-yard green textured print

1 package raffia

Polyester stuffing

2 buttons for eyes

14" grapevine wreath

Assorted fall wreath decorations – leaves, fruit, flowers.

Twine

2 permanent fine-point markers - red and black.

Hot glue gun and glue sticks or other glue.

## Cutting and Assembly:

- 1) Cut out 2 head pieces of ivory solid. Pin right sides facing and sew around edges leaving straight bottom edge open for turning. Clip seams and turn right sides out. Stuff head firmly above neck section with poly stuffing. Tie head closed around neck opening with a piece of twine. For sleeves cut a rectangle of the fall fruit print to measure 9"x22". For a rustic look you can tear these pieces rather than cutting them. Fold sleeve piece in half lengthwise right sides facing, leaving ends open for turning. Stitch. Turn right side out. Pin the middle of the sleeve to the top center of the wreath so that the sleeve hangs down around the wreath evenly on both sides. Tie sleeve in place with twine at the top center of the wreath. Remove pin. Stuff some raffia pieces into the both bottom ends of the sleeve, making sure some of the raffia is left sticking out. (These are the hands). Tie sleeve ends around "wrists" to wreath using twine.
- 2) Cut 2 hat pieces from brown texture print and sew hat together right sides facing, leaving bottom of hat open. Tear along bottom edge of hat for a rough look, fringe or pink. Turn hat right side out. Glue some raffia pieces to the top of the scarecrow head, making sure they are long enough to show below the hat. Glue hat to head and add a flower for decoration if desired. Glue buttons on for eyes and draw in face with permanent markers referring to photo. Glue head in place on wreath, at the top center of the wreath where the sleeves are tied down. Tear or cut a bandanna of green fabric, fold in a triangle and glue

around neck of scarecrow covering raw edges. Glue wreath decorations to wreath between scarecrow's raffia "hands" and your wreath is complete.
